

Dearest Brother-in-law.

May - 2 - 1945.

Hello Red,

Just a few lines to let you know that I have received your letter that you mailed on March-27. and glad to hear that you and Mike are in the best of health. Red, your sons are really growing and little Johnnie can really talk. I took Rose and Joe and Camillo out Crabbing last summer while I was home on leave and they sure had a swell time. I used Uncle Jeweys boat. Red I saw the A.P.D. 50. about a month ago, I sure hope I get to see it again. I just saw a tanker with the no. 71. I thought it was your ship for a min. I sure would like to run accross the both of you. Received

a letter from Rose about two months ago.

They are all well. Casillo received a 17 day leave last month. When we were at Calif, he came to the ship to see me. It was two years since I saw him. He really is getting big and the service sure has change him also my self. Received a letter from Cousin John, Mike's brother. It was from Supersbourg Germany. He is well, but misses home very much. I just can't wait until we all get home again. I will close now. Give Mike my regards. I shall keep a sharp look out for you.

Yours truly,
Johnnie (OVER)

John. H. Monicetti
